NOTES:					
		TOTAL:			

*ONE upper-level Biology laboratory course is required for the Biology major.

*To figure g.p.a. for biology major only: Multiply quality points x credit hours for quality-point ratio, and divide quality point ratio total by total number of hours attempted.

*A "C" average is required for the major. All courses for the Biology major must be taken for a letter grade.

*100-level biology courses and Biology 497R do NOT count toward the Biology major, but may be counted as elective credit for Emory graduation requirements.

*A maximum of 4 credit hours of Biology 495 (Honors Research)_or_Biology 499R (Undergraduate Research) may be counted as elective credit and an upper-level lab **after completion of the second semester**.

*The **new CHEMISTRY series** consists of Chem 150 + 150L, Chem 202 + 202L, and Chem 221 + 221L (or Chem 221Z + 226L).

Math_OX 117Q/207Q may be counted (in lieu of QTM 100) toward the biology major **ONLY for Oxford Continuees.
