Biology Honors Program Application (2019-2020)

Submit completed application to Barbara Shannon (barbara.shannon@emory.edu), Biology Department Honors Administrator, via e-mail, by August 16th, 2019. Note: This form requires three signatures.

Student name (printed), ID number, and NetID:
__________________________________________

Honors student: in signing here, I confirm that all information on this form is correct and that I have read the Biology Honors Requirements.

Signature_________________________________ Date_________________

Academic year in which you will be doing honors (this must be your last two semesters at Emory prior to graduating): ____________________________

GPA: For Honors, the Biology Department requires a 3.5 Biology GPA by the end of the last academic year before you begin honors (calculated using all courses taken/required for biology degree (if taken extra courses, use highest grades), including up to 8 hours of Biol 499 and not including Biol 497).

The College also requires a 3.5 overall GPA (calculated from all—and only—courses taken at Emory/Oxford) by the end of the last academic year before you begin honors.

GPA Appeals must be forwarded to Dr. Alex Escobar (alexander.escobar@emory.edu), the NEW Biology Honors Coordinator, NOT LATER THAN August 5th, 2019 (due to the College Honors Coordinator by August 12th).

Biology GPA _____________________________ Overall GPA ____________________________

Please confirm these numbers with Barbara Shannon in RRC 2006, so she can sign here:

Barbara’s signature: ____________________________________________

Honors Advisor (head of the lab in which honors research performed): in signing here, I am agreeing to advise the above-listed student for Honors, and I am confirming that I have read the Biology Honors Requirements.
